Re: Chad Griffiths
NAI Commercial Real Estate

To Whom It May Concern:

We recently used Chad Griffiths to find and lease new space for one of our retail/warehouse locations, and to find a tenant to sub-lease an existing location.

We found Chad to very professional and thorough in both transactions. Despite having to deal with a very difficult landlord on the sublease, at all times Chad was pleasant to deal with, very thorough, and acted like the true professional he is.

I would not hesitate to use Chad again and would recommend him to any of my business associates.

Yours truly,
