To Whom It May Concern:

Last year our company decided to expand our business and purchase a commercial property to suit our specific needs.

An associate strongly recommended that we speak to Chad Griffiths.

Chad was quickly able to find us an ideal location and an ideal commercial property. Throughout the purchasing process, he displayed the utmost professionalism in assisting us in negotiating the terms of the agreement.

Several months after purchasing the property, we again called upon Chad to complete a valuation. We received the information we requested within a few days.

Chads' expertise and his commitment to providing on going service is the reason we will continue to use him for all of our future endeavours.

We highly recommend Chad Griffiths as one of the best commercial realtors in the city of Edmonton.

Sincerely,

Catherine Hansen
