

**To Whom It May Concern:**

I would like to thank Chad for his work in finding me a great space to lease. As I am an Occupational Therapist, I needed a space that was a hybrid of retail and office space, which was difficult to find in a hot market. Chad was very respectful of my requests and needs and worked aggressively to find a space that would suit me.

As the space is owned by a large landlord, Chad acted as a great liaison between me and the landlord, explaining all the intricate details of the commercial leasing process along the way.

I love my space and Chad did a terrific job, he deserves much prosperity and lots of business!

Sincerely,
