To Whom It May Concern:

When Walls Apparel was looking to expand into Canada, Edmonton was chosen to be it's first location. We worked with Chad Griffiths as he helped educate us on the commercial market and toured us through the available properties. We ultimately selected an 80,077 square foot facility in southeast Edmonton and Chad was instrumental in negotiating a lease with the landlord.

We are quite happy with the service we received from Chad and would recommend him to anyone in the market for industrial / warehouse space in Edmonton.

Sincerely,

William M. Aisenberg
